# Inventergy Announces NASDAQ Delisting

## Listing had previously been suspended on June 7, 2017

CUPERTINO, CA -- (Marketwired) -- 10/05/17 -- Inventergy Global, Inc. (OTCQB: INVT) (the "Company") announced today that it has received notice from The Nasdaq Stock Market ("Nasdaq") that it will delist the common stock of Inventergy Global, Inc. The Company's common stock was suspended on June 7, 2017, and has not traded on Nasdaq since that time. Nasdaq will file a Form 25 with the Securities and Exchange Commission to complete the delisting. The delisting becomes effective ten days after the Form 25 is filed.

As previously reported on the Current Report on Form 8-K filed on September 5, 2017, after careful consideration and in connection with the previous delisting notices received by the Company from Nasdaq, the Company withdrew its appeal of the Nasdaq Hearings Panel decision, dated July 5, 2017, pursuant to which it determined to delist the Company's common stock from Nasdaq. As a result of the forgoing, the Company previously decided not to effect a reverse stock split of the Company's capital stock.

Following the delisting, the Company will continue as a publicly-traded entity complying with all reporting requirements of the U.S. Securities and Exchange Commission. Since June 7, 2017, the Company's stock has been quoted on the OTC Pink market electronic quotation service operated by OTC Markets Group Inc., under the symbol INVT.
