## SilverSun Technologies Submits Application to Up-List to NASDAQ

LIVINGSTON, N.J., Jan. 30, 2017 (GLOBE NEWSWIRE) -- **SilverSun Technologies, Inc.** (OTCBB:SSNT) (OTCQB:SSNT), a national provider of transformational business technology solutions and services, today announced that it has submitted its formal application to list the Company's common stock on the NASDAQ Capital Market.

Mark Meller, Chairman and CEO of SilverSun, stated, "The listing of our Company's securities on NASDAQ, along with maintaining the profitable 29% compound annual growth rate we have delivered over the past 7 years, was our most important corporate goal for 2017. We have begun the up-listing process today, and are hopeful we will be approved in the near future."

Mr. Meller continued, "We have reached this milestone without the need to raise money to qualify. We have accomplished this goal organically, by delivering profits from our operations and building our net worth via retained earnings."

"While the submission of an application is no guarantee of acceptance, I believe, as do our professional advisors, that we will be successful with our application. We are very pleased to announce this milestone event."

### **About SilverSun Technologies, Inc.**

We are a business application, technology and consulting company providing strategies and solutions to meet our clients' information, technology and business management needs. Our services and technologies enable customers to manage, protect and monetize their enterprise assets whether on-premise or in the "Cloud." As a value added reseller of business application software, we offer solutions for accounting and business management, financial reporting, Enterprise Resource Planning ("ERP"), Warehouse Management Systems, Customer Relationship Management, and Business Intelligence. Additionally, we have our own development staff building software solutions for Electronic Data Interchange, time and billing, and various ERP enhancements. Our value-added services focus on consulting and professional services, specialized programming, training, and technical support. We have a dedicated network services practice that provides managed services, hosting, business continuity, cloud, e-mail and web services. Our customers are nationwide, with concentrations in the New York/New Jersey metropolitan area, Chicago, Dallas, Arizona, Seattle, Greensboro, and Southern California.

## Forward-Looking Statements

This news release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended, regarding, among other things our plans, strategies and prospects -- both business and financial. Although we believe that our plans, intentions and expectations reflected in or suggested by these forward-looking statements are reasonable, we cannot assure you that we will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions. Many of the forward-looking statements contained in this news release may be identified by the use of forward-looking words such as "believe," "expect," "anticipate," "should," "planned," "will," "may," "intend," "estimated," and "potential," among others. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this news release include market conditions and those set forth in reports or documents that we file from time to time with the United States Securities and Exchange Commission. All forward-looking statements attributable to SilverSun Technologies, Inc. or a person acting on its behalf are expressly qualified in their entirety by this cautionary language.
