

Volt Information Sciences to Present at the Southwest IDEAS Investor Conference

NEW YORK, November 8, 2018 - Volt Information Sciences, Inc. (NYSE-AMERICAN:VISI), a global provider of staffing services, today announced that Linda Perneau, Chief Executive Officer and President, and Paul Tomkins, Senior Vice President and Chief Financial Officer, will present at the Southwest IDEAS Conference to be held November 14 – 15, 2018 at the Fairmont Hotel in Dallas, Texas. Volt is scheduled to present on Wednesday, November 14th at 1:10 pm CT / 2:10 pm ET, as well as participate in one-on-one meetings that same day.

The presentation will be broadcast live over the Internet, accessible through the Company's website at www.volt.com in the Investors section and will be archived and available for 90 days following the event.

For more information or to meet with management, please contact Volt's investor relations team.

About IDEAS Investor Conferences. The mission of the IDEAS Conferences is to provide independent regional venues for quality companies to present their investment merits to an influential audience of investment professionals. Unlike traditional bank-sponsored events, IDEAS Investor Conferences are "Sponsored BY the Buyside FOR the Buyside" and for the benefit of regional investment communities. Additional information about the events can be located at www.IDEASconferences.com.

About Volt Information Sciences, Inc.

Volt Information Sciences, Inc. is a global provider of staffing services (traditional time and materials-based as well as project-based). Our staffing services consist of workforce solutions that include providing contingent workers, personnel recruitment services, and managed staffing services programs supporting primarily administrative, technical, information technology, light-industrial and engineering positions. Our managed staffing programs involve managing the procurement and on-boarding of contingent workers from multiple providers. Our customer care solutions specialize in serving as an extension of our customers' consumer relationships and processes including collaborating with customers, from help desk inquiries to advanced technical support. Our complementary businesses offer customer care call centers, customized talent, and supplier management solutions to a diverse client base. Volt services global industries including aerospace, automotive, banking and finance, consumer electronics, information technology, insurance, life sciences, manufacturing, media and entertainment, pharmaceutical, software, telecommunications, transportation, and utilities. For more information, visit www.volt.com.
