About the Company

Ante5, Inc. is an oil and gas exploration and production company based in Minnetonka, Minnesota. Ante5's focus is the Williston Basin Bakken and Three Forks trend in North Dakota and Montana. Ante5 controls approximately 9,600 net mineral acres in North Dakota. For additional information on Ante5, visit the Company's website at www.ante5oil.com.

About the Analyst

Mr. Silver joined Wall Street Resources in 2006 as the Director of Research. He has been in the financial services industry since 1995 and began his professional career in auditing with a Big Four accounting firm in New York City. Mr. Silver made the move to Wall Street as a sell-side research analyst for two global investment banks in New York City including Salomon Smith Barney and UBS Paine Webber. At Salomon Smith Barney he was a member of the firm's research team covering REITs that was consistently ranked #1 by Institutional Investor magazine. Most recently, Mr. Silver worked for a private equity firm as its Chief Investment Strategist.

Mr. Silver is a graduate of the College of William and Mary in Virginia with a BA in liberal arts and New York University's Stern Business School with an MBA in International Finance and Accounting.

Statement as to Forward Looking Statements.

Certain statements contained herein, which are not historical, are forward-looking statements that are subject to risks and uncertainties not known or disclosed herein that could cause actual results to differ materially from those expressed herein. These statements may include projections and other "forward-looking statements" within the meaning of the federal securities laws. Any such projections or statements reflect Arête's current views about future events and financial performance. No assurances can be given that such events or performance will occur as projected and actual results may differ materially from those projected. Important factors that could cause the actual results to differ materially from those projected include, without limitation, the Company's dependence on its management, the Company's lack of capital, changes in prices for crude oil and natural gas, the ability of management to execute plans to meet the Company's goals and other risks inherent in the Company's businesses that are detailed in the Company's Securities and Exchange Commission ("SEC") filings. Readers are encouraged to review these risks in our SEC filings.
