

Bionik Laboratories Reports Second Quarter Fiscal Year 2018 Financial Results

TORONTO and BOSTON, Nov. 14, 2017 /PRNewswire/ --[Bionik Laboratories Corp.](#) (OTCQB: BNKL) ("Bionik" or the "Company"), a robotics company focused on providing rehabilitation and assistive technology solutions to individuals with neurological and mobility challenges from hospital to home, today announced its second quarter fiscal year 2018 financial results for the three months ended September 30, 2017.

Corporate Highlights

- [Named Dr. Eric Dusseux](#) to the position of CEO of Bionik Laboratories Corp.
- Dedicated significant commercial and technical resources to the launch of the new V2 InMotion Arm product, including development of significant pipeline of potential customers.
- Commenced process to outsource manufacturing, to increase its ability to scale quicker and meet larger demand in advance of the V2 InMotion launch.
- Launched a rental program for rehabilitative product line, providing an alternative to traditional CAPEX financing and reducing the length of sales cycles.
- Continued development of an InMotion Home product, based on the same clinical concepts and rehabilitation protocols supported by significant clinical data.
- Entered into a series of agreements to issue convertible notes for a total of \$2.2M since the end of August this year from current and new investors of the Company based in Europe, who have provided total convertible loan funding in the amount of \$4.2M.
- Continued development of a lower limb assistive exoskeleton for individual consumers with impaired mobility through previously announced [partnership with Wistron Corporation](#).
- Launched the process to build a scientific advisory board to be comprised of scientific and clinical leaders within the robotic medical device community.
- The Company is progressing through various application processes, as it continues execution of the [Chinese joint venture signed earlier this year](#).

As we prepare for the commercial launch of our V2 InMotion Arm System, we also look forward to penetrating the at-home markets in the future with a line of consumer-friendly products," said Dr. Eric Dusseux, Chief Executive Officer and Director of Bionik Laboratories Corp. "We are confident that the pipeline we have built over the last nine months will begin to generate revenue through the sale of our V2 rehabilitative products this quarter. At the same time, we continue to develop momentum with the key partnerships and joint ventures formed over the summer and have made significant progress as we focus on high growth opportunities within the consumer market."

Summary of Financial Results for the Quarter ended September 30, 2017

Forward-Looking Statements

Any statements contained in this press release that do not describe historical facts may constitute forward-looking statements. Forward-looking statements, which involve assumptions and describe our future plans, strategies, and expectations, are generally identifiable by use of the words "may," "should," "would," "will," "could," "scheduled," "expect," "anticipate," "estimate," "believe," "intend,"

"seek," or "project" or the negative of these words or other variations on these words or comparable terminology. Forward-looking statements may include, without limitation, statements regarding (i) the plans and objectives of management for future operations, including plans or objectives relating to the design, development and commercialization of human exoskeletons and other robotic rehabilitation products, (ii) a projection of income (including income/loss), earnings (including earnings/loss) per share, capital expenditures, dividends, pipeline of potential sales, capital structure or other financial items, (iii) the Company's future financial performance, (iv) the market and projected market for our existing and planned products and (v) the assumptions underlying or relating to any statement described in points (i), (ii), (iii) or (iv) above. Such forward-looking statements are not meant to predict or guarantee actual results, performance, events or circumstances, and may not be realized because they are based upon the Company's current projections, plans, objectives, beliefs, expectations, estimates and assumptions, and are subject to a number of risks and uncertainties and other influences, many of which the Company has no control. Actual results and the timing of certain events and circumstances may differ materially from those described by the forward-looking statements as a result of these risks and uncertainties. Factors that may influence or contribute to the inaccuracy of the forward-looking statements or cause actual results to differ materially from expected or desired results may include, without limitation, the Company's inability to obtain additional financing, the significant length of time and resources associated with the development of our products and related insufficient cash flows and resulting illiquidity, the Company's inability to expand the Company's business, significant government regulation of medical devices and the healthcare industry, lack of product diversification, volatility in the price of the Company's raw materials, and the Company's failure to implement the Company's business plans or strategies. These and other factors are identified and described in more detail in the Company's filings with the SEC. The Company does not undertake to update these forward-looking statements.
