## BioSig Technologies to Ring NASDAQ Opening Bell on November 13, 2018

Santa Monica, CA, Nov. 12, 2018 (GLOBE NEWSWIRE) -- BioSig Technologies, Inc. (NASDAQ: BSGM) ("BioSig" or the "Company"), a medical device company developing a proprietary biomedical signal processing platform designed to address an unmet technology need for the \$4.6 billion electrophysiology (EP) marketplace, announced today its Founder, Chairman & CEO of BioSig Mr. Kenneth Londoner will be joined by other members of the management team to ring the NASDAQ Opening Bell on Tuesday, November 13, 2018 to celebrate the Company's recent uplisting to the NASDAQ Capital Market.

"This ceremony commemorates our determination and focus on improving lives through our innovative technology solutions. We are delighted and honored to preside over the NASDAQ Opening Bell in celebration of our recent uplisting to the exchange," stated Mr. Kenneth Londoner, Founder, Chairman & CEO of BioSig Technologies, Inc. "I am extremely appreciative for the hard work and dedication that our employees have put forth over the years to bring us to where we are today and am excited about many opportunities that lie ahead of us. The medical device sector continues to be an extremely exciting space, and I believe that we are well-positioned to capitalize on current momentum throughout the industry."

The BioSig Technologies' opening bell ceremony will be aired live on November 13, 2018 at 9:15AM (Eastern Time) at <https://livestream.com/nasdaq/live> and on the NASDAQ MarketSite Tower at 43rd and Broadway in New York, NY.

### About BioSig Technologies

BioSig Technologies is a medical technology company developing a proprietary biomedical signal processing platform designed to improve the electrophysiology (EP) marketplace ([www.biosigtech.com](http://www.biosigtech.com)). Led by a proven management team and a veteran, independent Board of Directors, Los Angeles-based BioSig Technologies is preparing to commercialize its PURE EP™ System. The technology has been developed to address an unmet need in a large and growing market.

The Company's first product, PURE EP™ System, is a novel cardiac signal acquisition and display system which is engineered to assist electrophysiologists in clinical decision-making during procedures to diagnose and treat patients with abnormal heart rates and rhythms. BioSig's main goal is to deliver technology to improve upon catheter ablation treatments for the prevalent and potentially deadly arrhythmias, Atrial Fibrillation and Ventricular Tachycardia. BioSig has partnered with Minnetronix on technology development and has received FDA 510(k) clearance for the PURE EP™ System in August 2018.

## Forward-looking Statements

This press release contains “forward-looking statements.” Such statements may be preceded by the words “intends,” “may,” “will,” “plans,” “expects,” “anticipates,” “projects,” “predicts,” “estimates,” “aims,” “believes,” “hopes,” “potential” or similar words. Forward-looking statements are not guarantees of future performance, are based on certain assumptions and are subject to various known and unknown risks and uncertainties, many of which are beyond the Company’s control, and cannot be predicted or quantified and consequently, actual results may differ materially from those expressed or implied by such forward-looking statements. Such risks and uncertainties include, without limitation, risks and uncertainties associated with (i) our inability to manufacture our products and product candidates on a commercial scale on our own, or in collaboration with third parties; (ii) difficulties in obtaining financing on commercially reasonable terms; (iii) changes in the size and nature of our competition; (iv) loss of one or more key executives or scientists; and (v) difficulties in securing regulatory approval to market our products and product candidates. More detailed information about the Company and the risk factors that may affect the realization of forward-looking statements is set forth in the Company’s filings with the Securities and Exchange Commission (SEC), including the Company’s Annual Report on Form 10-K and its Quarterly Reports on Form 10-Q. Investors and security holders are urged to read these documents free of charge on the SEC’s website at <http://www.sec.gov>. The Company assumes no obligation to publicly update or revise its forward-looking statements as a result of new information, future events or otherwise.
