"The Company continues to march toward profitability," said Ronald A. Woessner, the Company's chief executive officer. "Revenues are up, while cash consumption is down and operating expenses are flat for the six month period compared to the comparable period in 2012. The number of subscribers to our law enforcement information sharing network continues to increase. The Company projects cash inflows solely from renewing subscribers to approximate \$1.1 million in 2013. Moreover, the Company expects its recently launched COPsync911 threat alert service, which enables school personnel and others in distress to send emergency alerts directly to the closest law enforcement officers

in their patrol cars, to accelerate the Company's progress toward profitability."

About COPsync

COPsync, Inc. (OTCQB: COYN) operates the largest law enforcement real-time, in-car information sharing, communication and data interoperability network in the U.S. The COPsync Network enables officers to report and share actionable mission-critical data in real-time and collect for outstanding misdemeanor warrants in real-time at the point of incident. Officers are also able to obtain instant access to local, state and federal law enforcement databases. The Network's companion COPsync911 system also enables campuses, government buildings and businesses to automatically and silently send threat alerts directly to local law enforcement officers in their patrol cars in the event of crisis. The COPsync system also eliminates manual processes and increases officer productivity by enabling officers to electronically write tickets, accident reports, DUI forms, arrest forms and incident and offense reports. Use of the system saves lives, reduces unsolved crimes and assists in apprehending criminals and interdicting criminal behavior -- through such features as a nationwide officer safety alert system, GPS/auto vehicle location and distance-based alerts for crimes in progress, such as school crisis situations, child abductions, bank robberies and police pursuits. COPsync also sells VidTac,[®] an in-vehicle, software-driven video system for law enforcement. For more information, visit www.copsync.com and www.copsync911.com.
