# Crown Crafts Reports Results for Fiscal 2012 First Quarter

**- Sales of bedding, blankets and accessories, which represent approximately three-fourths of the business, increased 3.3% in the first quarter as a result of successful new designs and promotions**

**- Overall net sales increased 1.9% for the quarter ended July 3, 2011**

GONZALES, La., Aug. 17, 2011 /PRNewswire/ -- Crown Crafts, Inc. (NASDAQ-CM: CRWS) today reported operating results for the fiscal 2012 first quarter, which ended July 3, 2011.

“Net sales continued to improve as a result of our innovative and popular new designs in bedding, blankets and accessories, combined with our aggressive promotional and marketing activities in this product category,” said E. Randall Chestnut, Chairman, President and Chief Executive Officer. “We also continued our progress in growing sales of Company-branded products.”

Chestnut added that gross profit and net income continue to be challenged by rising costs for raw materials, labor, transportation and currency associated with the Company’s sourcing operations in China. Additionally, the gross profit in the first quarter of the prior year was favorably impacted by the over-absorption of overhead expenses amounting to \$333,000. Most of this over-absorption reversed as merchandise was sold, resulting in an unfavorable impact to gross profit in the later quarters of fiscal 2011. The impact to gross profit in the first quarter of the current year from the absorption of overhead was minimal. “We remain confident that we have built a solid foundation for profitable growth,” he said.

## Financial Results

Net income for the first quarter of fiscal 2012 was \$530,000, or \$0.05 per diluted share, on net sales of \$17.5 million, compared with net income in the first quarter of fiscal 2011 of \$726,000, or \$0.08 per diluted share, on net sales of \$17.2 million. Gross profit declined to \$3.8 million, from \$4.3 million a year ago. By product category, sales of bedding, blankets and accessories increased 3.3% to \$13.0 million, while sales of bibs, bath and disposable products decreased 1.8% to \$4.5 million.

Higher-than-expected raw material, labor, transportation and currency costs were partially offset by a decrease in marketing and administrative expenses due to lower overall compensation costs and factoring fees.

## Quarterly Cash Dividend

The Company previously announced that its Board of Directors declared a regular

quarterly cash dividend on the Company's Series A common stock of \$0.03 per share. The dividend will be paid on October 7, 2011 to stockholders of record at the close of business on September 16, 2011. "The Board remains committed to the payment of a dividend, which reflects the strength of our balance sheet and operating cash flow, as well as the continued earnings potential of our business focus and growth strategy in fiscal 2012 and beyond," said Chestnut.
