Crown Crafts Reports Fiscal 2016 Second Quarter Results

- Adjusted net income up 5.2% over the prior year quarter
- Cash balance of \$6.1 million at quarter end
- Dividend payment will complete six consecutive years of dividends

GONZALES, La., Nov. 12, 2015 (GLOBE NEWSWIRE) -- Crown Crafts, Inc. (NASDAQ:CRWS) (the "Company") today reported results for the fiscal 2016 second quarter, which ended September 27, 2015.

"As of October 31, 2015, it has been 20 years since the Company's first acquisition in the infant and toddler bedding industry, and we have been a leader and strong performer in that industry ever since," said E. Randall Chestnut, Chairman, President and Chief Executive Officer. "Continuing this trend, we achieved solid improvement in profitability for the quarter and continued to be debt-free with a strong cash balance. Sales for the quarter were up 1.3% over the second quarter of last year despite the fact that our sales figures last year included initial shipments of new programs after the departure of a competitor from the market."

Financial Results

Net income for the second quarter of fiscal 2016 was \$1.6 million, or \$0.16 per diluted share, on net sales of \$20.7 million, compared with net income of \$830,000, or \$0.08 per diluted share, on net sales of \$20.4 million for the second quarter of fiscal 2015. Gross margin for the quarter was 27.5% of net sales, compared with 28.6% for the prior-year period.

For the six-month period, net income was \$2.5 million, or \$0.25 per diluted share, on net sales of \$38.6 million, compared with net income of \$1.5 million, or \$0.15 per diluted share, on net sales of \$36.1 million for the first six months of fiscal 2015. Gross margin for the six-month period was 27.2% of net sales, compared with 28.0% for the prior-year period.

For last year's second quarter, net income was adversely impacted by \$204,000 in legal fees (\$127,000 net of income taxes) and an after-tax payment of \$530,000 associated with a lawsuit that was settled in fiscal 2015. Excluding the impact of the legal fees and settlement payment, net income would have been 5.2% higher for the second quarter of fiscal 2016 as compared with the prior-year quarter. For the first six months of fiscal 2015, legal fees totaled \$350,000 (\$218,000 net of income taxes). Excluding the impact of the legal fees and the settlement payment, net income would have been 9.3% higher for the first six months of fiscal 2016 as compared with the same period for the prior year.

Quarterly Cash Dividend

The Company also announced that its Board of Directors declared a quarterly cash dividend on the Company's Series A common stock of \$0.08 per share, which will be paid on January 4, 2016 to shareholders of record at the close of business on December 11, 2015. "We are proud that our strong track record of consistent financial performance has enabled us to reward our shareholders with quarterly dividend payments. When paid, the dividend announced today will mark the completion of six consecutive full calendar years of dividend payments," Chestnut said.
