Crown Crafts Reports Fiscal 2017 Second Quarter Results

- Company remains debt-free with a \$10.2 million cash balance
- Board declares a special dividend of \$0.40 per share in addition to a quarterly dividend of \$0.08 per share, signaling confidence in Company's long-term strength

GONZALES, La., Nov. 16, 2016 (GLOBE NEWSWIRE) -- Crown Crafts, Inc. (NASDAQ:CRWS) (the "Company") today reported results for the fiscal 2017 second quarter, which ended October 2, 2016.

"Several factors affected our results in the second quarter, and we continue to adapt to changes in the marketplace," said E. Randall Chestnut, Chairman, President and Chief Executive Officer. "In the infant bedding business, today's millennial parents are favoring the 'naked crib' which does not include items such as bumpers and comforters. While this has reduced the demand for full bedding sets and lowered the average price point of our products in this business, we have partially offset this trend with our expanded offerings in separates and a wide range of popular new products in infant bedroom décor. Additionally, due to the strength of the U.S. dollar, we have received price reductions from our global suppliers, which we have partially passed on to our customers. We also have reduced product shipments to a customer that is experiencing credit problems, and it is important to note that the timing of shipments, for both initial sets and replenishment, can cause comparisons between quarters to be difficult. All of these factors, along with the continued sluggish retail environment, contributed to the decline in sales in the second quarter. However, our position in the industry remains strong, and we are confident in our prospects for long-term sales growth and profitability."

Financial Results

Net income for the second quarter of fiscal 2017 was \$1.0 million, or \$0.10 per diluted share, on net sales of \$15.8 million, compared with net income of \$1.6 million, or \$0.16 per diluted share, on net sales of \$20.7 million for the second quarter of fiscal 2016.

Gross profit for the current-year quarter was 27.3% of net sales, down slightly from 27.5% in the prior-year quarter.

For the six-month period, net income was \$2.1 million, or \$0.21 per diluted share, on net sales of \$31.4 million, compared with net income of \$2.5 million, or \$0.25 per diluted share, on net sales of \$38.6 million for the first six months of fiscal 2016. Gross profit for the six-month period was 27.4% of net sales, up from 27.2% in the prior-year period.

Board Declares Special and Quarterly Dividends
