EnviroStar, Inc. to Acquire Laundry Distribution and Service Business

MIAMI--(BUSINESS WIRE)-- EnviroStar, Inc. (NYSE American: EVI) announced today that it executed a definitive merger agreement to acquire all of the outstanding shares of a prominent distributor of laundry products and a provider of installation and maintenance services to the new and replacement markets of the vended and commercial laundry industry based in the western United States (the “Business”), using a combination of cash and EVI stock.

The addition of the Business, which serves over 2,700 customers in varying end-market segments, is consistent with EVI’s growth strategy to build the industry’s largest distributor of industrial, commercial, and vended laundry products, supported by a robust service organization capable of delivering consistent and unparalleled world-class services to all of its customers. EVI expects that the Business will continue to operate as it has historically, under its existing leadership, using the same name, executing with the same people, and with the support and resources of EVI and all of its existing and future business units.

Henry M. Nahmad, EVI’s Chairman and Chief Executive Officer, commented, “EVI is a growing group of successful entrepreneurs with a relentless passion and commitment to growth. Our operating philosophy preserves the entrepreneurial spirit of acquired businesses and creates a culture that encourages the pursuit of long-term growth opportunities. This acquisition adds more revenues, profits, and market share to our fast-growing business, but more importantly adds another successful entrepreneur and a team from which we expect significant growth in the future.”

The transaction is expected to close upon the satisfaction of customary closing conditions and EVI expects the addition of the Business to be accretive to its fiscal year ended June 30, 2019.
