## **XRpro Sciences, Inc. to Present at Taglich Brothers 12th Annual Investment Conference**

NEW YORK, NY -- (Marketwired) -- 04/23/15 -- [Taglich Brothers, Inc.](http://www.taglichbrothers.com) is pleased to announce that **XRpro Sciences, Inc.** will be presenting at our 12<sup>th</sup> Annual Investment Conference May 5, 2015 in New York City. To view the webcast visit <http://www.taglichbrothers.com/conference/conferencewebcast.php>.

### ***About Taglich Brothers***

[Taglich Brothers, Inc.](http://www.taglichbrothers.com) is a full-service broker dealer focused exclusively on microcap companies. The Company defines the microcap segment of the equity market as companies with less than \$250 million in market capitalization. Taglich Brothers currently offers institutional and retail brokerage services, investment banking and comprehensive research coverage to the investment community.

### ***About XRpro Sciences, Inc.***

XRpro Sciences, Inc. provides a unique platform for drug discovery and development services featuring high throughput ion channel assays for the pharmaceutical industry. The Company's proprietary advances in X-ray fluorescence provide measurements that would otherwise be difficult or impossible applying other readily available technologies. XRpro<sup>®</sup> technology directly measures the activity of a drug target, without the need for costly and artifact-causing chemical dyes or radiolabels. For further information, please visit [www.xrpro.com](http://www.xrpro.com).
