AUSTIN, Texas, Sept. 08, 2017 (GLOBE NEWSWIRE) -- [Ideal Power Inc.](#) (NASDAQ:IPWR), an innovative power conversion technology company, will participate in the 5<sup>th</sup> Annual ROTH Solar and Storage Symposium being held on September 11-12, 2017 in Las Vegas in conjunction with the Solar Power International Conference and Expo (SPI), the largest annual solar conference/expo in the United States.

Ideal Power CEO Dan Brdar will hold one-on-one and small group meetings with institutional investors throughout the symposium. To schedule a meeting, please contact your ROTH sales representative at (949) 720-5700 or email: [conference@roth.com](mailto:conference@roth.com) You may also email your meeting request to [IPWR@mzgroup.us](mailto:IPWR@mzgroup.us) or call Chris Tyson at (949) 491-8235.

The 5<sup>th</sup> Annual ROTH Solar and Storage Symposium, co-located with SPI 17, will provide an opportunity for solar power industry executives, policy makers, and key institutional investors to meet and exchange ideas about issues and trends in the solar and related industries. Hosted by Jesse Pichel, Managing Director, Investment Banking, Philip Shen and Craig Irwin, Senior Research Analysts, Cleantech, will include: (1) 1-on-1/small group meetings with ~31 companies and solar experts, (2) a booth tour, which has meetings with a variety of distributors, EPCs, and asset owners, (3) a Keynote luncheon presentation by Abby Hopper, President & CEO of the Solar Energy Industries Association (SEIA), who will address key topics, such as the section 201 and the potential outcomes, and (4) an Oktoberfest networking reception that will have more than 100 leading solar company executives.

Ideal Power will also have its Stabiliti™ and SunDial™ product series on display at the expo and in [Booth 1433](#) at SPI 2017 being held on September 10-13, 2017 at the Mandalay Bay Convention Center in Las Vegas. SPI is an annual solar energy conference and trade show that attracts over 18,000 professionals and 600 businesses from across the solar energy industry. The partnership will enable emerging solar companies to display their cutting-edge technologies at a special spot on the show floor. SPI was recently named one of Trade Show Executive's 100 largest trade shows for the eighth year in a row and is packed with education sessions, networking events and a wide range of exhibitions.
