InterCloud Systems Ranked Number 38th Fastest Growing Company in North America on Deloitte's 2015 Technology Fast 500™

Attributes 2,611 Percent Revenue Growth to Calendar Years 2011-2014

SHREWSBURY, N.J., Nov. 13, 2015 (GLOBE NEWSWIRE) -- InterCloud Systems, Inc. (the "Company" or "InterCloud") (Nasdaq:ICLD), a leading provider of cloud networking orchestration and automation solutions and services, today announced it ranked number 38 on Deloitte's Technology Fast 500™, a ranking of the 500 fastest growing technology, media, telecommunications, life sciences and energy tech companies in North America. InterCloud grew 2,611 percent during this period.

Mark Munro, Chairman and CEO of InterCloud, stated, "I recently discussed during our third quarter earnings conference call the revenues and profit growth our Company has achieved year over year. We will continue to grow as we develop leading edge cloud technology products and managed services."

Mark Munro added, "as the technology landscape migrates towards Software Defined Networks (SDN) and Network Function Virtualization (NFV), InterCloud's proprietary NFVgrid, designed to manage virtual network functions powerful analytics will become an industry staple. InterCloud's DPoD, a hyper-converged private/hybrid cloud solution leverages Juniper Networks Contrail Networking to allow us to build an open solution with scale, security and performance our customers expect."

About Deloitte's 2015 Technology Fast 500™

Deloitte's Technology Fast 500 provides a ranking of the fastest growing technology, media, telecommunications, life sciences and energy tech companies – both public and private – in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2011 to 2014.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.

About InterCloud Systems, Inc.

InterCloud Systems, Inc. is a single-source provider of end-to-end information technology (IT) and next-generation network solutions including Software Defined Networking (SDN) and Network Function Virtualization (NFV) to the service provider (carrier) and corporate enterprise markets through cloud solutions and professional services. InterCloud offers cloud and managed services, professional services, and infrastructure and applications, to assist its customers in meeting their changing technology demands. InterCloud's cloud solutions offer enterprise and service-provider customers the opportunity to adopt an operational expense model by outsourcing to InterCloud, rather than the capital expense model that has dominated in recent decades.
