InterCloud Systems Begins New Year with over \$200K in New Contracts

NEW YORK, Jan. 12, 2017 (GLOBE NEWSWIRE) -- InterCloud Systems, Inc. (the "Company" or "InterCloud") (OTCQB:ICLD), a leading provider of cloud networking orchestration and automation solutions and services, today announced that it was recently awarded over \$200,000 in new contracts to start the new year. A majority of the work is expected to begin immediately.

Mark Munro, CEO of InterCloud Systems stated: "We have seen higher volume in our stock as of late, as lenders exercise their rights to convert their debt into equity. The pressure on the stock from the conversions of debt into equity is not a reflection on the operations of the Company. As we have previously disclosed, the Company is working very aggressively to secure more conventional asset based financing to help reduce these conversions. We are also working on the sale of non-core assets to eliminate some of this convertible debt as well. We continue to have a positive outlook for 2017 and anticipate that a stronger balance sheet, reduced operating expenses and continued marketing of our more profitable products and services will produce improved shareholder value in the future."

About InterCloud Systems, Inc.

InterCloud Systems, Inc. is a leading provider of cloud networking orchestration and automation, for Software Defined Networking (SDN) and Network Function Virtualization (NFV) cloud environments to the telecommunications service provider (carrier) and corporate enterprise markets through cloud solutions and professional services. InterCloud's cloud solutions offer enterprise and service-provider customers the opportunity to adopt an operational expense model by outsourcing cloud deployment and management to InterCloud rather than the capital expense model that has dominated in recent decades in IT infrastructure management. Additional information regarding InterCloud may be found on InterCloud's website at www.intercloudsys.com.

Forward-looking statements:

The above news release contains forward-looking statements. The statements contained in this document that are not statements of historical fact, including but not limited to, statements identified by the use of terms such as "anticipate," "appear," "believe," "could," "estimate," "expect," "hope," "indicate," "intend," "likely," "may," "might," "plan," "potential," "project," "seek," "should," "will," "would," and other variations or negative expressions of these terms, including statements related to expected market trends and the Company's performance, are all "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve a number of risks and uncertainties.

These statements are based on assumptions that management believes are reasonable based on currently available information, and include statements regarding the intent, belief or current expectations of the Company and its management. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performances, and are subject to a wide range of external factors, uncertainties, business risks, and other risks identified in filings made by the company with the Securities and Exchange Commission. Actual results may differ materially from those indicated by such forward-looking statements. The Company expressly disclaims any obligation or undertaking to update or revise any forward-looking statement contained herein to reflect any change in the company's expectations with regard thereto or any change in events, conditions or circumstances upon which any statement is based except as required by applicable law and regulations.
