Milestone Scientific's FDA Cleared CompuFlo(R) Featured on the Doctor's Channel in Segment Entitled: Demise of the Traditional Syringe and Rise of the Smart Syringe System

LIVINGSTON, NJ -- (Marketwired) -- 06/23/17 -- [Milestone Scientific Inc.'s](#) (NYSE MKT: MLSS) Director of Clinical Affairs, Dr. Mark Hochman D.D.S, a world authority on computerized injection technology, was interviewed by the Doctor's Channel in a segment entitled "Demise of the Traditional Syringe and Rise of the Smart Syringe System." The Company's CompuFlo® Epidural Instrument featured in the segment received FDA clearance on June 12, 2017.

Dr. Hochman discussed topics related to the CompuFlo® Epidural Instrument and the technology behind it, called DPS Dynamic Pressure Sensing Technology™. This platform technology has the ability to measure pressure in real time and differentiate tissue by its density, in order to accurately identify and confirm the location of the epidural needle for precise targeting in the epidural space. Dr. Hochman also provided a visual demonstration of the ease of use and unique capabilities of the CompuFlo® Epidural Instrument.

Safe Harbor Statement

This press release contains forward-looking statements regarding the timing and financial impact of Milestone's ability to implement its business plan, expected revenues, timing of regulatory approvals and future success. These statements involve a number of risks and uncertainties and are based on assumptions involving judgments with respect to future economic, competitive and market conditions, future business decisions and regulatory developments, all of which are difficult or impossible to predict accurately and many of which are beyond Milestone's control. Some of the important factors that could cause actual results to differ materially from those indicated by the forward-looking statements are general economic conditions, failure to achieve expected revenue growth, changes in our operating expenses, adverse patent rulings, FDA or legal developments, competitive pressures, changes in customer and market requirements and standards, and the risk factors detailed from time to time in Milestone's periodic filings with the Securities and Exchange Commission, including without limitation, Milestone's Annual Report for the year ended December 31, 2016. The forward looking statements in this press release are based upon management's reasonable belief as of the date hereof. Milestone undertakes no obligation to revise or update publicly any forward-looking statements for any reason.
