# **MYOS RENS Technology to Showcase Fortetropin® and the Qurr® Line of Muscle Health Products at the 2018 Arnold Sports Festival in Columbus, OH from March 2-4, 2018**

**Attendees of the Arnold Fitness EXPO can Sample Qurr® Powders, Puddings and Shakes, and Purchase Products with a Special Expo Discount at Booth #513.**

CEDAR KNOLLS, N.J., Feb. 15, 2018 /PRNewswire/ -- MYOS RENS Technology Inc. ("MYOS" or "the Company") (NASDAQ: MYOS), a bionutrition company and owner of Fortetropin®, the fertilized egg yolk-based product that helps build lean muscle in conjunction with resistance training, announced today that it will showcase Fortetropin® at the Arnold Fitness EXPO to be held during the Arnold Sports Festival March 2-4, 2018, at the Greater Columbus Convention Center in Columbus, Ohio.

Arnold Fitness EXPO attendees are encouraged to visit booth #513 to sample the [Qurr®](#) line of products, available in delicious powders, puddings and shakes. Each product contains MYOS' proprietary ingredient [Fortetropin®](#), which is clinically shown to increase lean muscle size and mass. Fortetropin® is a unique bioactive composition derived from fertilized egg yolk and processed using patented technology, thereby retaining its nutrient-dense nature and biological integrity. Attendees will also be able to purchase Qurr products at special EXPO discounted prices.

Joseph Mannello, Chief Executive Officer of MYOS, commented, "The [Arnold](#) is the most iconic event in the fitness world; over 200,000 people flock to the show annually, which features 20,000 athletes from 80 nations, non-stop competitions and entertainment over four days, and over 1,000 booths of fitness equipment, apparel and nutrition. We believe Fortetropin® is a perfect fit for this crowd and the Arnold Sports Festival, an excellent platform to fast-track brand awareness."

## **About MYOS RENS Technology Inc.**

MYOS RENS Technology Inc. (MYOS), "The Muscle Company™", is a Cedar Knolls, NJ-based bionutrition company that develops and markets products that improve muscle health and performance. MYOS is the owner of Fortetropin®, a fertilized egg yolk-based product manufactured via a proprietary process to retain and optimize its biological activity.

Fortetropin® has been clinically shown to increase muscle size and lean body mass in conjunction with resistance training. MYOS believes Fortetropin® has the potential to redefine existing standards of physical health and wellness. For more information, please
