Petroteq Energy Announces Subscriptions for Shares

NOT FOR DISSEMINATION IN THE UNITED STATES OR FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES AND DOES NOT CONSTITUTE AN OFFER OF THE SECURITIES DESCRIBED HEREIN.

SHERMAN OAKS, Calif., Nov. 21, 2018 (GLOBE NEWSWIRE) -- Petroteq Energy Inc. (the “**Company**”) (TSXV:PQE; OTC:PQEFF; FSE: PQCF), a fully integrated oil and gas company, announces it has received an additional irrevocable subscription towards its previously announced private placement of up to US\$3 million. The new subscription agreement is for 1,111,111 common shares at US\$0.54 and warrants exercisable at US\$1.50 for 1,111,111 common shares for gross proceeds to the Company of US\$600,000. To date, the Company has received irrevocable subscriptions for 3,224,378 common shares at prices ranging from US\$0.54 to US\$0.85 and warrants exercisable at US\$1.50 for 2,873,550 common shares for gross proceeds to the Company of US\$1,925,000. The net proceeds will be used by the Company on its extraction technology in Asphalt Ridge, Utah, for potential acquisitions of new oil sands resources, and for working capital. The issuances are subject to approval of the TSXV and upon issuance all securities issued will be subject to a four month hold period.

In addition, the Company announces that it has agreed to complete a shares for debt transaction, pursuant to which it will issue 145,788 common shares in satisfaction of US\$69,979, representing the balance of the outstanding principal amount (plus interest) under a convertible secured note issued by the Company to an arm’s length lender in August 2017. The Company determined to satisfy the indebtedness with common shares in order to preserve its cash for use on its extraction technology in Asphalt Ridge, Utah, and for working capital. The shares will be issued upon acceptance by the TSX Venture Exchange and approval by the directors of the Company. The common shares issued in satisfaction of the indebtedness will be subject to a four month hold period from the date of issuance.

About Petroteq Energy Inc.

Petroteq is a fully integrated oil and gas company focused on the development and implementation of a new proprietary technology for oil extraction. The Company has an environmentally safe and sustainable technology for the extraction of heavy oils from oil sands, oil shale deposits and shallow oil deposits. Petroteq is engaged in the development and implementation of its patented environmentally friendly heavy oil processing and extraction technologies. Our proprietary process produces zero greenhouse gas, zero waste and requires no high temperatures. Petroteq is currently focused on developing its oil sands resources and expanding production capacity at its Asphalt Ridge heavy oil extraction facility located near Vernal, Utah. In addition, the Company, through its wholly

owned subsidiary, PetroBLOQ, LLC, is seeking to develop the first blockchain based platform created exclusively for the supply chain needs of the oil & gas sector. For more information, visit www.Petroteq.energy and PetroBLOQ.com.

Forward-Looking Statements

Certain statements contained in this press release contain forward-looking statements within the meaning of the U.S. and Canadian securities laws. Words such as “may,” “would,” “could,” “should,” “potential,” “will,” “seek,” “intend,” “plan,” “anticipate,” “believe,” “estimate,” “expect” and similar expressions as they relate to the Company, including: completion of the transactions noted above; and the Company successfully developing block chain technology for the oil and gas industry and the anticipated benefits of such technology, are intended to identify forward-looking information. Readers are cautioned that there is no certainty that it will be commercially viable to produce any portion of the resources. All statements other than statements of historical fact may be forward-looking information. Such statements reflect the Company’s current views and intentions with respect to future events, based on information available to the Company, and are subject to certain risks, uncertainties and assumptions. Material factors or assumptions were applied in providing forward-looking information, including: applicable director, shareholder and regulatory/stock exchange approval of the transactions; closing conditions being met; PetroBLOQ successfully developing and implementing a blockchain-based supply chain management system, the blockchain-based supply chain management system being adopted by energy participants, and producing the benefits anticipated. While forward-looking statements are based on data, assumptions and analyses that the Company believes are reasonable under the circumstances, whether actual results, performance or developments will meet the Company’s expectations and predictions depends on a number of risks and uncertainties that could cause the actual results, performance and financial condition of the Company to differ materially from its expectations. Certain of the “risk factors” that could cause actual results to differ materially from the Company’s forward-looking statements in this press release include, without limitation: uncertainties inherent in the estimation of resources including whether any reserves will ever be attributed to the Company’s properties; PetroBLOQ not having the expertise and/or funds necessary to develop and implement a blockchain-based supply chain management system; PetroBLOQ not being able to develop the blockchain technology to completion; blockchain technology not being adopted by the oil and gas industry; changes in laws or regulations; the ability to implement business strategies or to pursue business opportunities, whether for economic or other reasons; status of the world oil markets, oil prices and price volatility; oil pricing; state of capital markets and ability by the Company to raise capital; litigation; the commercial and economic viability of the Company’s oil sands hydrocarbon extraction technology, and other proprietary technologies developed or licensed by the Company or its subsidiaries, which are of experimental nature and have not been used at full capacity for an extended period of time; reliance on suppliers, contractors, consultants and key personnel; the ability of the Company to maintain its mineral lease holdings; potential failure of the Company’s business plans or model; the nature of oil and gas production and oil sands mining, extraction and production; uncertainties in exploration and drilling for oil, gas and other hydrocarbon-bearing substances; unanticipated costs and expenses, availability of financing and other capital; potential damage to or destruction of property, loss of life and environmental damage;

risks associated with compliance with environmental protection laws and regulations; uninsurable or uninsured risks; potential conflicts of interest of officers and directors; and other general economic, market and business conditions and factors, including the risk factors discussed or referred to in the Company's disclosure documents, filed with the securities regulatory authorities in certain provinces of Canada and available at www.sedar.com.

Should any factor affect the Company in an unexpected manner, or should assumptions underlying the forward-looking information prove incorrect, the actual results or events may differ materially from the results or events predicted. Any such forward-looking information is expressly qualified in its entirety by this cautionary statement. Moreover, the Company does not assume responsibility for the accuracy or completeness of such forward-looking information. The forward-looking information included in this press release is made as of the date of this press release, and the Company undertakes no obligation to publicly update or revise any forward-looking information, other than as required by applicable law.
