About PolarityTE

PolarityTE, Inc. is a regenerative medicine company, and the first to successfully regenerate full-thickness tissue. The Company's novel regenerative medicine platform and proprietary technology employs a patient's own cells for the healing of full-thickness, functionally-polarized tissues. If clinically successful, the PolarityTE™ platform will provide medical professionals with a truly new paradigm in wound healing and reconstructive surgery by utilizing a patient's own tissue substrates for the potential regeneration of skin, bone, muscle, cartilage, fat, blood vessels and nerves. The PolarityTE™ platform leverages natural and biologically-sound principles which are readily adaptable to a wide spectrum of organ and tissue systems. This revolutionary technology, paired with the Company's world-renowned clinical advisory board, position PolarityTE™ to drastically change the field and future of translational regenerative medicine.
