QuickLogic Announces Fiscal 2010 Third Quarter Results -- Company Returns to GAAP Profitability and New Product Revenue Increases 20% Sequentially

SUNNYVALE, CA -- (MARKET WIRE) -- 11/02/10 -- QuickLogic Corporation (NASDAQ: QUIK), the lowest power Customer Specific Standard Products ([CSSPs](#)) leader, today announced the financial results for its fiscal third quarter ended October 3, 2010.

Total revenue for the third quarter of 2010 was \$7.3 million, up 13% sequentially and 120% compared to the third quarter of 2009. During the third quarter, new product revenue increased 20% sequentially to \$2.8 million, accounting for 38% of total revenue. During the third quarter, legacy product revenue increased 9% sequentially to \$4.6 million, accounting for 62% of total revenue in the third quarter.

Under generally accepted accounting principles (GAAP), the net income for the third quarter of 2010 was \$0.6 million, or \$0.01 per diluted share, compared with a net loss of \$0.2 million, or \$0.01 per diluted share, in the second quarter of 2010 and a net loss of \$3.0 million, or \$0.10 per diluted share, in the third quarter of 2009. Non-GAAP net income for the third quarter of 2010 was \$0.9 million, or \$0.02 per diluted share, compared with a non-GAAP net income of \$0.4 million, or \$0.01 per diluted share, in the second quarter of 2010 and a non-GAAP net loss of \$1.9 million, or \$0.06 per diluted share, in the third quarter of 2009.

"We are pleased to report our second consecutive quarter of doubling year-over-year revenue growth, as well as our return to profitability," said Tom Hart, QuickLogic's Chairman of the Board and CEO. "Our CSSP strategy is clearly being embraced by our targeted customers, driven by our innovative technology, unique engagement model and the user experience our solutions bring to the mobile consumer."

Non-GAAP Financial Measures

QuickLogic reports financial information in accordance with GAAP, but believes that non-GAAP financial measures are helpful in evaluating its operating results and comparing its performance to comparable companies. Accordingly, the Company excludes charges related to stock-based compensation, restructuring, the write-down of the Company's investment in TowerJazz Semiconductor Ltd., the effect of the write-off of long-lived assets and the tax effect on other comprehensive income in calculating non-GAAP (i) income (loss) from operations, (ii) net income (loss), (iii) net income (loss) per share, and (iv) gross margin percentage. The Company provides this non-GAAP information to enable investors to evaluate its operating results in a manner similar to how the Company analyzes its operating results and to provide consistency and comparability with similar companies in the Company's industry.

Management uses the non-GAAP measures, which exclude gains, losses and other charges that are considered by management to be outside of the Company's core operating results, internally to evaluate its operating performance against results in prior periods and its operating plans and forecasts. In addition, the non-GAAP measures are used to plan for the Company's future periods, and serve as a basis for the allocation of Company resources, management of operations and the measurement of profit-dependent cash and equity compensation paid to employees and executive officers.

Investors should note, however, that the non-GAAP financial measures used by QuickLogic may not be the same non-GAAP financial measures, and may not be calculated in the same manner, as that of other companies. QuickLogic does not itself, nor does it suggest that investors should, consider such non-GAAP financial measures alone or as a substitute for financial information prepared in accordance with GAAP. A reconciliation of GAAP financial measures to non-GAAP financial measures is included in the financial statements portion of this press release. Investors are encouraged to review the related GAAP financial measures and the reconciliation of non-GAAP financial measures with their most directly comparable GAAP financial measures.

Safe Harbor Statement Under The Private Securities Litigation Reform Act of 1995

This press release contains forward-looking statements made by our CEO relating to the revenue generating potential of new products, which is dependent on the market acceptance of our products and the level of customer orders. Actual results could differ materially from the results described in these forward-looking statements. Factors that could cause actual results to differ materially include: delays in the market acceptance of the Company's new products; the ability to convert design opportunities into customer

revenue; our ability to replace revenue from end-of-life products; the level and timing of customer design activity; the market acceptance of our customers' products; the risk that new orders may not result in future revenue; our ability to introduce and produce new products based on advanced wafer technology on a timely basis; our ability to adequately market the low power, competitive pricing and short time-to-market of our new products; intense competition, including the introduction of new products by competitors; our ability to hire and retain qualified personnel; changes in product demand or supply; capacity constraints; and general economic conditions. These factors and others are described in more detail in the Company's public reports filed with the Securities and Exchange Commission, including the risks discussed in the "Risk Factors" section in the Company's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and in the Company's prior press releases.
