QuickLogic to Present at the 30th Annual ROTH Conference

SUNNYVALE, Calif., Feb. 26, 2018 /PRNewswire/ -- QuickLogic Corporation (NASDAQ: QUIK), a developer of ultra-low power multi-core voice enabled SoCs, embedded FPGA IP, display bridge and programmable logic solutions, plans to present at the 30th Annual ROTH Conference being held in Dana Point, California.

Brian Faith, the company's President and CEO, and Dr. Sue Cheung, the company's CFO and VP of Finance, are scheduled to participate in a fireside chat at 8:30 a.m. PST on Monday, March 12, 2018. Mr. Faith and Dr. Cheung will be available for one-on-one meetings throughout the day. Interested investors should contact their ROTH representative, or Moriah Shilton of LHA Investor Relations at quicklogic@lhai.com.

A webcast of management's presentation will be available live and via replay for a period of 90 days at <http://ir.quicklogic.com/events.cfm>.

About QuickLogic

QuickLogic Corporation (NASDAQ: QUIK) enables OEMs to maximize battery life for highly differentiated, immersive user experiences with Smartphone, Wearable, Hearables and IoT devices. QuickLogic delivers these benefits through industry leading ultra-low power customer programmable SoC semiconductor solutions, embedded software, and algorithm solutions for always-on voice and sensor processing. The company's embedded FPGA initiative also enables SoC designers to easily implement post production changes, and increase revenue by providing hardware programmability to their end customers.
