

OTC Pink® Basic Disclosure Guidelines

Federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 ("Exchange Act") as well as Rule 144 of the Securities Act of 1933 ("Securities Act"), and state Blue Sky laws, require issuers to provide *adequate current information* to the public markets. With a view to encouraging compliance with these laws, OTC Markets Group has created these OTC Pink Basic Disclosure Guidelines. We use the basic disclosure information provided by OTC Pink companies under these guidelines to designate the appropriate tier in the OTC Pink marketplace: Current, Limited or No Information. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS

History

Carbon Credits International Inc. (“CCII”), which was formed on October 15, 2007 as a Nevada corporation, was the result of a spin off from Carbon Credits Industries, Inc. (“CCI”), our former parent issuer, on October 17, 2007, in which 24,196,000 shares of common stock were issued to the shareholders of CCI on a share for share basis ownership. No assets or liabilities were included in the spin off and there was no previous history or operations of CCII.

On December 23, 2011, CCII entered into a merger agreement with Lifestyle Wireless, Inc. (“LWI”), A Washington Corporation, whereby 30,008,000 shares of CCI common stock were cancelled and 6,321,830 shares of CCII common stock were issued to LWI, with CCII remaining as the surviving company. The effective date of the merger was January 10, 2012 under the Articles of Merger.

On July 1st 2013, CCII changed its name to Singlepoint Inc. (“Singlepoint” or “the Company”) and increased its authorized shares of common stock from 100,000,000 to 500,000,000 and authorized 30,000,000 preferred shares. On July 1st 2013, the ticker symbol changed from CARN to SING and received a new CUSIP number of 82932V102. The Company operates a mobile commerce and communications platform specifically designed to serve the needs of the non-profit community, as well as vendors that want to accept mobile credit card payments.

On May 17, 2017, the Company entered into a Stock Purchase Agreement to purchase a 90% interest in Discount Indoor Garden Supply, Inc. (“DIGS”) for \$30,000, plus the issuance of \$1,000,000 of Singlepoint stock, due in three installments over 240 days from closing of the Agreement. The results of DIGS from May 17, 2017 have been included in the accompanying consolidated financial statements.

Going Concern

The consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As of September 30, 2017, the Company has yet to achieve profitable operations and is dependent on its ability to raise capital from stockholders or other sources to sustain operations and to ultimately achieve viable operations. The consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties. These factors raise substantial doubt about the Company's ability to continue as a going concern.

Our ability to continue in existence is dependent on our ability to develop our business plan and to achieve profitable operations. Our business plan involves revealing a brand new interactive website in addition to increasing SEO traffic to our website, generating more sales and customer response. Since we anticipate being unable to achieve profitable operations and/or adequate cash flows in the near term, we will continue to pursue additional equity financing through private placements of our common stock.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenues

Our product revenues, when earned, will result from the direct sale of our product to customers/businesses or commissions earned from the sale of mobile payment products, or from payment services provided. Our accounting policy for revenue recognition will be to record revenues and cost of revenues upon monthly customer payment for our products, or when services are provided. For billing services, the Company receives a fee for billing and collecting on behalf of third parties. The Company recognizes revenues for

these billing services on a net basis, which is the net of payments collected and paid on behalf of the third parties.

Revenue Sharing

As an alternative to selling our products to customers, we can achieve revenues by sharing commissions with Independent Sales Organizations.

Cash and Cash Equivalents

The Company considers all highly liquid investments with the original maturities of ninety days or less to be cash equivalents.

Convertible promissory notes

The Company records convertible promissory notes as liabilities at their carrying value less unamortized discounts, which approximates fair value. When convertible promissory notes are converted into shares of our common stock in accordance with the debt's terms, no gain or loss is recognized.

Income Taxes

The Company accounts for its income taxes in accordance with Income Taxes Topic 740 of the FASB, which requires recognition of deferred tax assets and liabilities for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date. As of , the Company had a net operating loss carryforward, however, due to the uncertainty of realization, the Company has provided a full valuation allowance for deferred tax assets resulting from this net operating loss carry forward.

Earnings (loss) Per Common Share

Basic loss per common share has been calculated based upon the weighted average number of common shares outstanding during the period in accordance with the Statement of FASB ASC 260-10, "Earnings per Share". Common stock equivalents are not used in the computation of loss per share, as their effect would be antidilutive.

Use of Estimates in the Preparation of Consolidated financial statements

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates and assumptions.

Fair Value of Financial Instruments

FASB ASC 825-10, "Financial Instruments," defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying values of our financial instruments, which consists of current assets and liabilities approximate fair values due to the short-term maturities of such instruments.

Recently Issued Accounting Pronouncements

There were various accounting standards and interpretations issued recently, none of which are expected to have a material impact on our consolidated financial position, operations or cash flows.
