VSE Awarded \$28M CIO-SP3 Task Order to Support the Army Analytics Group Data Framework Initiative

ALEXANDRIA, Va.-- VSE Corporation (Nasdaq: VSEC) was awarded a Time and Materials task order to support the Army Analytics Group (AAG) under the Chief Information Officer Solutions and Partners (CIO-SP3) Government Wide Acquisition Contract. The contract is administered by the National Institutes of Health Information Technology Acquisition and Assessment Center. The task order has a period of performance of one base year plus four option years and potential value of \$28 million.

Our subsidiary, Akimeka LLC, will lead a team comprised of The Informatics Applications Group (tiag) and Enterprise Information Services, Inc. (EIS) to support AAG's Data Framework Initiative that will provide software maintenance and enhancements, data integration and transformation services, security, and quality assurance.

"We are committed to providing agile and loyal support to develop new efficiencies for the Army Analytics Group," says Maurice "Mo" Gauthier, VSE CEO, President and COO. "We have built a solid team of IT experts with our highly knowledgeable partner companies to meet our Government clients' mission critical requirements. We look forward to pursuing additional opportunities under our valuable CIO-SP3 prime contract."
